Reward 2014

Pursuant to Ark. Code Ann. §6-15-2107, the Arkansas School Recognition Program was created to provide financial awards to public schools that experience high student performance, student academic growth, and for a secondary school, high graduation rate.

Ark. Code Ann. §6-15-2107 authorizes rewards in an amount up to \$100 per student who attends a public school or public charter school in the top 10% of all Arkansas public schools in combined student performance, student academic growth, and for a secondary school, graduation rate under criteria set forth by rule of the state board.

Up to \$50 per student enrolled is awarded to public schools or public charter schools between the top 11% and top 20% of all public schools in Arkansas in combined student performance, student academic growth, and for a secondary school, graduation rate under criteria set forth by rule of the state board.

Needs Improvement Focus and Need Improvement Priority Schools are ineligible for rewards.

The top 10% and 20% schools were identified by assigning a percentile rank for the measures of each school's performance, growth, and graduation rate (if applicable). The average of the assigned percentile ranks were calculated and the top deciles were identified.
